

The only thing more amazing than Utopia's latest numbers, is the support it's receiving from N.G.A. members! Thank you!

Utopia's not only the world's fastest growing self-checkout solution, it's redefining the category!

- Over 10 million items purchased and over 20 million dollars in sales!
- Attendant intervention rates that are the lowest in the industry by far!
- Simplest most user friendly self-checkout solution!
- Doesn't lock you into a long term POS solution so you always have control!
- Consistently delivering the highest customer satisfaction among self-checkout customers
- Uses all your existing peripherals, reducing your investment!
- Works with or without any POS solution you have including Retailix, NCR, IBM and more!
