**WHO WE ARE**

For nearly 40 years, NGA has represented independent supermarket operators in every congressional district across the country and the wholesalers that service them. Independent grocers are the true entrepreneurs of the supermarket industry, tailoring their stores and products to best meet the needs of the communities they serve. Today, NGA remains the only trade association exclusively focused on representing the independent sector of the food industry.

**We are local.**

Independent grocers operate in rural towns, urban metropolises and everywhere in-between. Independent supermarkets contribute almost $14 billion in state and local tax revenue.

**We are a significant portion of the US economy.**

Approximately 1,100 of NGA's 1,500+ members are small businesses fighting in one of the most competitive marketplaces to make their way in the world.

**We are the backbone of main street USA.**

An independent supermarket is a privately owned or controlled food retail company operating a variety of formats. Most independent operators are serviced by wholesale distributors, while others may be partially or fully self-distributing. Some independents are publicly traded, but with controlling shares held by the family and others are employee owned. Independents are the true “entrepreneurs” of the grocery industry and dedicated to their customers, associates, and communities.
