Dear NGA Members:

Welcome to the 2023 edition of NGA's annual Buyer's Guide, a directory of products, equipment and services that present opportunities to grow your business.

As an independent grocery operator, you are part of a robust industry segment that accounts for more than \$250 billion in annual sales. Within these pages are the connections to propel us even further.

I know that, for so many of you, this business is about relationships, ones that grow more close over time, and the opportunity to forge new alliances with folks that share your common goals of growth and longevity, for your businesses and the communities that support them. One of NGA's missions is to foster these connections, which make us all stronger.

Thanks to your ongoing support, NGA continues to grow as an organization. We continue to add new retailer, wholesaler and associate members, and we're excited to include more of the latter in this year's Buyer's Guide. So, to you new members appearing here for the first time – welcome!

As the light at the end of the tunnel gets brighter and brighter, and an end to our national emergency is now in sight, we must never forget the hard work, dedication and innovation that our industry displayed in the darkest days of the pandemic. Even amid shortages, supply chain pressures, new regulations and other challenges, independent operators collectively rose to the occasion to make sure our communities never went hungry.

It's that collaboration among all trading partners that is key to our industry's success. And it's that kind of collaboration that will continue to move us forward.

We hope you'll leverage the resources available to you as NGA members, including this Buyer's Guide, to continue delivering on your promise to your communities.

So, thank you for all that you do, each and every day, year after year, to keep independent grocers at the heart of the community.

Greg Ferrara
PRESIDENT AND CEO

A stylized blue ink signature of Greg Ferrara.

Who We Are

For over 40 years, NGA has represented independent supermarket operators in every congressional district across the country and the wholesalers that service them. Independent community grocers are the true entrepreneurs of the supermarket industry, tailoring their stores and products to best meet the needs of the communities they serve. Today, NGA remains the only trade association exclusively focused on representing the independent sector of the food industry.

We Are at the Heart of the Community.

Independent supermarkets are compassionate supporters of the community. From food banks, to schools, to little leagues, to scouts, independent grocers contribute to communities, not because it's the right thing to do, but because we live, work, and are an integral part of the community.

We Are Local.

Throughout the four corners of the U.S., independent community grocers operate in rural towns, urban metropolises and everywhere in-between.

The Independent Supermarket Industry creates nearly 1.2 million jobs

We Are the Backbone of Main Street USA.

NGA members operate

9,000+ 
store-fronts

Nearly 75% of NGA's 1800+ members are small businesses, working hard each and every day to serve their communities and compete in the marketplace.

We Are At The Heart Of The U.S. Economy

U.S. Independent Supermarket Industry generates over

\$255 billion
to the U.S. economy.

Independents create nearly **1.2%** of the U.S. GDP

Webinar Series

covering topics from labor law regulations to the latest e-commerce technology

NGA works to level the playing field

for independent grocers and protect against discriminatory federal policies and regulations. NGA also provides up to date information and alerts on proposed policies and regulatory rules as well as delivers easy, turnkey ways to get involved in the political process.

Traceability is now the law. Are you ready?

As the **official Compliance and Traceability partner of the National Grocers Association**, ReposiTrak is proud to bring solutions, education and support to the independent wholesale and retail grocery community.

Risk is around every corner in the food supply chain industry. Just one missing or incomplete compliance document could cause major financial harm to your organization; if a customer encounters an out-of-stock, they could leave go to the competition; an operational misstep or costly recall could impact the integrity of your brand.

For more than 20 years, ReposiTrak has been solving compliance and supply chain challenges related to regulatory requirements, audit and food safety/quality management, out-of-stocks and, most recently, food traceability.

The Voice For Independents in Washington D.C.

Make Your Voice Heard

Host A Store Tour

NGA offers full support in scheduling a store tour for your Members of Congress. An in-person tour of your retail store or distribution center will provide a firsthand look at how federal issues have a very real impact on a business's day-to-day operations.

Attend Grocers Day In Washington

Join us in Washington, D.C. during our annual Grocers Day in Washington supermarket industry fly-in to meet and speak with your Members of Congress.

Take Action

Grocers Take Action Portal

Visit GrocersTakeAction.org, NGA's grassroots portal where you can contact your Members of Congress on issues affecting our industry.

Support our Efforts

Donate to NGA's Advocacy & Legal Fund, a 100% member-funded resource that helps advance the policy interests of independents by providing the financial resources that are necessary to defeat legislation, regulations, and advance causes that impact our members' bottom line.

Get Involved

Subscribe To Capitol Checkout
