

# CALLING ALL **SNAP** PRODUCE INCENTIVE SOLUTION PROVIDERS!

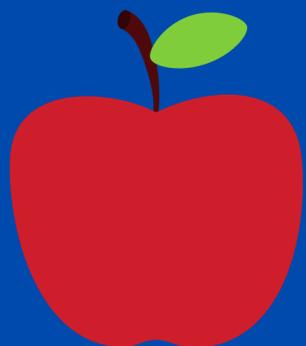

## NGA SHOW INCENTIVE SOLUTIONS DEMO BOOTH

**September 19-21, Las Vegas, NV**

- The NGA Foundation Technical Assistance Center (NGAF TA Center) will have a 10' X 20' show floor booth to serve as an incentive solutions demo area for retailers & grant agencies attending the show.
- Incentive solution providers who have their solution successfully running in at least one store are welcome to provide an actual working system, a PowerPoint deck or video illustrating how their system works.
- There is NO COST to be a part of the booth. Attendance is not required as NGAF TA Center staff is qualified to demonstrate or share your presentation to booth visitors on your behalf.
- This NGAF TA Center booth is designed to educate retailers on nutrition incentives AND be able to demonstrate how incentive transactions may actually work in their store.
- We will be promoting the demo booth and solution participants from now up to the show date.

*While this demo booth will be informational/educational and NOT a sales booth, we will direct retailers to the appropriate solution provider for additional information.*

Interested? Please click [HERE](#) to sign up and secure your spot in the Incentive Solutions Demonstration Booth by August 31. Space limited.
